Summary

Frontend developer building accessible React interfaces.

Skills

HTML, CSS, JavaScript, TypeScript, React, Tailwind CSS, Git, Jest, Accessibility, REST APIs

Experience

Frontend Developer, Pixel Harbor Studio (2024-2026)

- Built reusable React components in TypeScript.
- Improved accessibility scores using ARIA and keyboard navigation.
- Wrote Jest tests for form components.

Frontend Intern, Nimbus Labs (2023-2024)

- Converted designs to responsive HTML and CSS.

Education

BS Computer Science, Fictional Institute of Technology (2020-2024)

Projects

- Budget Tracker: React and TypeScript app consuming a REST API.
- Recipe Finder: Responsive site with Tailwind CSS.
